

Ready.Set.Recycle.

Our 5-step guide to safe & reliable electronic lost property data disposal

Step 1

FREE* collection & bulk packaging

Secure shipping boxes and labels supplied on receipt of your [Collection Request Form](#).

Step 2

Goods in & recording

Inventory logged, CheckMEND due diligence check and unique ID attributed to all individual items - CCTV monitoring throughout.

Step 4

Police quarantine

In line with the Recyclers Code of Conduct, any units reported as lost/stolen are held in quarantine for 28-days & then recycled accordingly.

Step 3

Data erasure

Data bearing units processed using fully certified, state-of-the art data erasure software, with an emphasis on minimal destruction.

Step 5

Audit reporting

Automated, itemised reporting for each and every item as standard, complete with relevant erasure certificates.
